

SAVY Illiana

Product Designer

B2B Product Designer with 2+ years at Thales.

I design data-rich B2B web applications end to end — from user research to delivery — as the **sole designer on agile teams** (PMs, developers).

I shipped one product's first version in 2 months instead of 6 by setting up an AI design-to-code agent, and designed an internal tool that now handles 95% of orders, with no mandated use.

Accessibility lead (WCAG 2.2 / RGAA).

Experience

Product Designer

Apr 2024 – Present

Thales (via Groupe SII, IT consulting) La Ciotat, France
Internship, then apprenticeship, then permanent contract

- Designed the Customer Services Portal end to end, consolidating 4 tools into 1: 95% of orders moved over within 6 months, with no mandated use. Gold Award, group-wide Operational Excellence program.
- Shipped the first version of eSIM Simple in 2 months instead of 6 by setting up an AI design-to-code agent: coded prototypes in React / Next.js wired to real APIs, frontend taken into production.
- Designed 3 B2B telecom products (web and mobile) as the sole designer on agile teams (PM, PLM, developers), with 100+ interviews, usability tests and co-design workshops run or co-facilitated; Demo Kit was selected for Best of Thales Design.
- Documented the design system, then converted its rules into skills usable by AI design agents.
- Accessibility lead (WCAG 2.2 / RGAA) on interfaces shipped by the team.

Community Manager

Apr 2023 – Jul 2023

F&C SAS Toulon, France
Internship

- Defined and rolled out the multi-channel social media strategy, and modernized the company's WordPress site.

Skills

Design & Methodology

- User research (interviews, usability testing, co-design workshops)
- Discovery (scoping, hypothesis validation)
- Design systems (creation, documentation, governance)
- Accessibility (WCAG 2.2, RGAA)
- PM collaboration, developer handoff, agile methods

Technical & AI

- Design-to-code (coded prototypes, wired to APIs, prompting)
- Front-end: React, Next.js, Tailwind CSS

Tools

- Advanced Figma (variables, modes, tokens, shared libraries) • FigJam • Condens • Adobe Illustrator • Adobe Photoshop • VS Code • Cursor

Education

Master's in Interface & Experience Design

- Ingémédia, University of Toulon - 2025
Work-study program at Thales.

Bachelor's in Information & Communication

- Ingémédia, Avignon University, 2023
